Introduction

Green Tree Trading & Contracting is backed by a strong team of specialized, dedicated engineers and a committed management group with extensive collective experience in various aspects of engineering, procurement, and construction since 2017.

We have a team of qualified, fully trained technicians with extensive hands-on experience in the local construction industry, particularly in elevator installation and MEP services.

Introduction - Cont...

We prioritize our clients' interests above all else, dedicating ourselves to turning their vision into reality while carefully considering every detail involved. We are committed to completing projects within the agreed timelines, fully adhering to contract requirements.

Additionally, we strictly comply with Qatar's safety and environmental regulations, ensuring these policies are implemented across all our projects.
